

MISCELLANEOUS

THE CHICAGO AND NORTH-WESTERN RAILWAY.

Population in the Illinois, Iowa, Wisconsin, Michigan, Minnesota, Dakota, Nebraska and Wyoming.

Its TRAIN SERVICE is carefully arranged to meet requirements of local travel, as well as to furnish the most attractive routes for through travel between important TRADE CENTRES.

Its EQUIPMENT of Day and Parlor Cars, Dining and Palace Sleeping Cars is without rival.

Its ROAD-BED is perfection, of stone-ballasted steel.

The NORTH-WESTERN is the favorite route for the Commercial Traveler, the Tourist and the Seeker after New Homes in the Golden Northwest.

Detailed information cheerfully furnished by

C. A. POTTER, Agent, Milwaukee, Wis.
MARVIN HUGHITT, Vice-President and Gen. Manager, Chicago, Ill.
G. P. WILSON, General Passenger Agent, Chicago, Ill.

MISCELLANEOUS

\$2.40. We shall continue the sale of ladies' line Dongola kid shoes, made by E. P. Reed & Co. of Rochester, at the extraordinary low price of \$2.40. A printed warrant is on the corner of each and every box. No goods are being sold in this market equal in style and wear for less than \$3.00. Don't wait; get a pair before the stock is broken. All our prices will make you smile.

Brown Bros., East End of Bridge.

Telephone Soap is a light colored bar.

Buy winter Dry Goods at Archie Reid's Removal Sale at almost your own figures.

Lost.—We have never lost a customer who purchased our \$2.40 Kid Shoe, solid sole leather counter and innersole fully warranted.

Brown Bros., East End of Bridge.

Fresh fruits at Golling's.

Telephone Soap is made from pure material.

New Arrival of Ladies' and Gents' Choice Stationery at Sutherland's.

A change of business plans induces Mr. C. F. Glass to dispose of his attractive home on South Main street. Its central location and surroundings make it especially desirable. I offer it for sale at prices that will attract close buyers. C. E. BOWLES.

Our line of Flash Garments intended for the Fall Trade is arriving daily. Rather than remove them we will sell them at 1/2 under value. Ask to see them. ALEXANDER REID.

BRIEFLETS.

—Next Sunday each pastor will preach to his own congregation.

—Three or four mill owners observed the Sabbath by cleaning out their share of the race.

—The "Fox Halls" were victorious in a game of ball yesterday forenoon on the "colored" grounds.

—Barns & Boland now occupy the lower floor of Captain Norcross' new public library building.

—Mrs. Ellis Shonell is enjoying herself as chaperon of the young ladies in camp above at Pope's Spring.

—Most of the mills started up this morning, running on limited time in order to keep up a head of water in the dam.

—Such a poor, indur old thing as the Milwaukee street pavement is, should not be exposed to the cold of another winter.

—The Y. W. C. T. U. will hold their monthly meeting at the Way Side Inn tomorrow at 4 p. m. A full attendance is desired.

—Crystal Temple of Honor No. 32 assemble in regular weekly meeting this evening—lodge room in the Judd block, North Main street.

—Workmen commenced laying the foundation for the water works stand pipe this morning. Mr. James Shearer is superintending the job.

—Judge Patterson was busy part of this morning with the case of the State against Behrendt. It was to receive payment on a note of one hundred dollars.

—Yesterday the Rev. Joseph Waite was again able to fill the pulpit of All Souls church. His gain in strength will be heard of by his many friends with pleasure.

—Several parties are anxious to have Milwaukee street paved with granite. Propositions have been received from firms that agree to deliver the blocks for \$2.40 a yard.

—Mr. E. F. C. Storr, formerly with the Elgin Saddlery and Harness Co., is now the shipping clerk and book-keeper in the wholesale saddlery house of Bassett & Echlin.

—A young ladies' tennis party was given by Miss Margie Sheldon, at her home in the fourth ward Saturday afternoon. It was thoroughly appreciated and proved very enjoyable.

—Camp Crazy kick started out in bad luck. When the campers tried to go up the river Saturday, the steamer lost it in a sand bar near Pope's Springs and everybody had to get out and walk.

—Edwin Chase entertained a company of young friends at the home of his parents, Mr. and Mrs. Winfield S. Chase, Saturday evening. Cards, music and dancing made the time pass very pleasantly.

—Marshall Hogan was called upon yesterday to settle a "family" quarrel down in the fourth ward. (He considered it a sort of Kilkenny affair, and concluded to let the parties settle it themselves.)

—It was thought that the Williamson case would be concluded to-day by testimony from L. B. Clarke, but E. B. Moss took more time than was expected. The testimony has been principally in support of that already offered.

—The fair wedding presents, displayed at several places in the city are attracting considerable attention. The lucky couple will be well fixed for housekeeping and no mistake. They will want a four-horse team to take away the presents.

—Mr. R. J. Richardson reports that at seven o'clock this morning there was a head of nine feet two inches at the upper water power, the highest ever known. He explained by stating that the extra head was caused by the low water below the dam.

—Miss Clara Grove, daughter of Mr. and Mrs. Benj. Grove, of the fourth ward, died Sunday afternoon, of cerebro spinal meningitis, aged 21 years. The parents and family have the sympathy of many friends in their great sorrow. Funeral will take place at the Baptist church at 3 o'clock to-morrow afternoon.

—Bystanders were entertained late Saturday night by a scurrilous growing cat of a west side young man's attempt to ride through town with a girl to whom his family objected. The girl was unceremoniously taken out and sent home, and the buggy and its occupant disappeared in the darkness of a side street.

—Superintendent Williams expects to lay service pipes for every store on Milwaukee street, whether the owners subscribe or not. It is in this done the Milwaukee street pavement can be laid this fall as well as not. The resolution passed last week was supported because too good to lay a pavement that must be soon be disturbed.

—Yesterday Otto Bleedorn and Oscar Brown neglected their Sunday school lessons and went down the river in a boat to Afton, on a fishing excursion. They succeeded in catching thirty-five black bass and two pike—the string weighing fifty-two pounds, the largest bass weighing three pounds. The boys were very proud of their luck, notwithstanding the day.

—Between fifty and seventy-five men commenced work digging trenches for the water mains on South River street this morning. They were strong out a distance of two and a half blocks, and made the dirt fly right lively. A large proportion of the laborers are non-residents. We understand the contractor will put all the men to work on get, intending to crowd the pipe-laying as fast as possible until it is completed.

—"The common council," said Commissioner Metcalf this morning, "has no more right to demand a report on the school board's authority for paying a salary to one of its own members than the cotton factory has."

—The board has paid one of its own members for acting as clerk ever since there was a board. That order from the council regarding the clerkship was entirely irregular, and Laro of the opinion that no attention will be paid to it whatever."

—"Wouldn't it be a good thing for a joint committee from the council and board of education, with two or three citizens, to visit the public school buildings and inspect the system of heating?"

DISASTER AT BRODHEAD.

Pierce's Flouring Mill Undermined and Tumbled into the Raceway.

One Thousand Bushels of Wheat and Large Quantities of Flour Destroyed.

The Mill Machinery and Electric Light Dynamo Tumbled into the Water.

The Loss Estimated at \$20,000—The Mill will be Rebuilt.

(Special to the Gazette.)

BRODHEAD, Wis., Aug. 29.—Yesterday morning about 7 o'clock, the foundation and basement walls of the Brodhead City Mill, at Brodhead, gave way, participating a large part of the interior of the building, machinery and contents into the wheel pits and tail race. About a thousand bushels of wheat, a large quantity of flour and stuff was washed away and lost.

The total loss will range from \$15,000 to \$20,000. The mill was owned by S. C. Pierce and was leased to and run by Rosentre & Holcomb. It also furnished power for the Brodhead manufacturing company and to the Brodhead Electric Light Company.

Another account.

BRODHEAD, August 29th.—About one-half of the side foundation wall and the floor to Stephen Pierce's roller mill, at Brodhead, Wis., collapsed at an early hour on Sunday morning, carrying down the plant of machinery together with the grain, flour and feed stored on the first floor. A large portion of the corn and flour will be saved in a damaged condition. Wheat nearly a total loss. Quick sand is supposed to be at the bottom of the foundation, which is the occasion of the disaster. The power is supplied by a race fed from Sugar river. The race banks have been out and the supply of water stopped for repairs. The damage is estimated at \$20,000.

ADDITIONAL DETAILS.

BRODHEAD, Aug. 29.—At about seven o'clock Sunday morning the people in Brodhead were aroused by the whistling of the Greenway whistle, and hurrying in that direction found that the foundation of Pierce's Flouring Mill, run by Rosentre & Holcomb, were undermined and fast giving away. The head-gates about a mile and a half above the mill were shut down and the water in the race gradually diminished. The dangerous work of carrying flour and grain from the mill was begun immediately, but little had been accomplished before nearly all of the two lower floors gave way and were precipitated. Warning was given, fortunately, by the shaking of the floors so that no one was injured. One bin of grain together with much machinery went down but the more expensive parts of the machinery remained in the mill.

If it can be moved, much flour and grain has been taken from the mill, but a considerable part is still there stored in upper stories. The mill though almost a total wreck, still stands and it is thought that it may not cave in farther, but it will be extremely difficult to do anything with it on account of the danger. The dynamo, connected with the mill, was not destroyed, though it is impossible to run it longer as it was worked by the water-power. The machinery in the mill was very valuable, having been put in only about two years ago by Mr. Pierce, and costing about \$5,000. It was a most severe blow not only to those directly interested, but to the whole town, and many will be thrown out of employment as the flour factory was run by the same power. And has been summoned from Janesville and Mr. Pierce will commence work immediately upon the mill. The old one will be moved if possible and a new one built.

Another Note From Janesville.

TO THE EDITOR.

COMRADE LAKE, August 29.—I see you published my hastily written letter concerning Janesville, but it is I wrote "two thousand millions" instead of "two hundred millions" and it goes to show importance of reading over after writing, which for want of time I did not. But the figures are so egregiously wrong that any reader would see that it was only a slip of the pen. I intended to write "200,000,000" hundreds in place of thousands, and about 1,333 bushels per head.

Will you please do a brother editor the kindness of correction.

Yours truly,

JOHN H. RICE.

Blood Will Tell.

There is no question about it—blood will tell—especially if it be an impure blood. Bores, eruptions, pimples and boils, are all symptoms of an impure blood, due to the improper action of the liver. When this important organ fails to properly perform its function of purifying and cleansing the blood, impurities are carried to all parts of the system, and the symptoms above referred to are merely evidences of the struggle of Nature to throw off the poisonous matter. Unless her warning be heeded in time, serious results are certain to follow, culminating in liver or kidney disorders, or even in consumption. Dr. Pierce's Golden Medical Discovery will prevent and cure these diseases, by restoring the liver to a healthy condition.

ATTENTION C. A. R.

HEADQUARTERS, 107 N. MARKET ST., ST. LOUIS, MO.

GRAND DEPARTMENT OF THE RED CROSS.

Circular No. 3.

In compliance with the resolution passed at the last regular meeting there will be a special session of the Post on Friday evening next, September 23, at 7:30 o'clock, for the consideration of a matter embracing said resolution. A general and prompt attendance is requested. Members intending to go to St. Louis on the occasion of the national encampment will please lead in their names at this meeting.

E. G. HANCOCK, Commander.

JOHN McCOLLUM, Adjutant.

The regular quarterly meeting of the Rock County Agricultural Society, will be held at the court house Saturday, at 2 p. m., September 3.

E. B. HERMERTZ, Secretary.

OBITUARY.

HENRY A. WILLIAMS.

L. B. Williams, formerly of this city died in New York yesterday. A dispatch announcing the death was received by Mrs. Maria Williams to-day.

Mr. Williams was a son of the late S. G. Williams, of the first ward. He had many friends in this city and the news of his decease will be heard with deep sorrow.

MRS. S. A. MCCOON.

DIED.—At her home in Morris, August 15th, Mrs. S. A. McCoon, aged fifty-four years, eleven months and seven days.

Sarah A. Harrington was born in Stephentown, Bannessboro, N. Y., September 13, 1832, where she lived until her marriage, October 20, 1853. Her home from that time until the fall of 1885 was at Williamstown, Mass. At this time they moved to Janesville, Wis. After they were in the spring of 1886, they moved to Mitchell, Iowa, and from that place to Morris, in November, 1870. While living at Mitchell she and her husband became members of the M. E. church of that place. Her sickness dated from two years ago. She was taken suddenly worse Monday afternoon and passed quietly away at 9:30 that evening. A husband, a son and two daughters mourn the loss of a devoted wife and mother.
